ADVANCED PRACTICE NURSING EXPERIENCE

Family Nurse Practitioner | Chandra Diagnostic Cardiology | April 2026 - Present

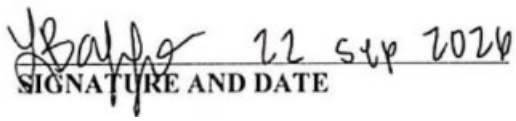

- Performs cardiovascular-focused histories, physical examinations, medication reconciliation, diagnostic review, and follow-up assessments.
- Supports evaluation and management of acute and chronic conditions in coordination with cardiologists and other members of the care team.
- Provides patient education regarding medications, cardiovascular risk factors, diagnostic testing, follow-up, and treatment recommendations.
- Documents assessments, clinical decisions, and care plans in the medical record.

Family Nurse Practitioner Student | Apollo Family Health | January 2025 - October 2025

- Completed more than 625 clinical hours in outpatient primary care across pediatric, adult, geriatric, and women's health populations.
- Performed histories, physical examinations, diagnostic screenings, differential-diagnosis development, treatment planning, and patient education.
- Administered injections, performed ECGs and DEXA scans, and documented care in the electronic health record.

Operating Room Registered Nurse | Loyola University Medical Center | June 2022 - February 2025

- Delivered intraoperative care as a circulating and scrub nurse, prepared operating rooms, assisted surgical teams, and supported patient-safety procedures.
- Assessed patient status, verified medications, monitored intraoperative conditions, managed specimens and equipment, and documented care in Epic.
